

HIRSHFELD SEEKS LIGHT ON BRIBES IN HARLEM HOSPITAL

Public Hearings Promised
as Soon as His Secret In-
quiry Is Finished.

DOCTORS AUTOCRATIC

40 Per Cent. of Patients Are
Negroes—Two Physicians
Now of That Race.

TRUSTEES TO BE HEARD

Dr. O'Hanlon Gives New Ver-
sion of Case of Allen
Russell's Wife.

A public hearing on the charges of graft, neglect and discrimination against negro patients in the Harlem Hospital, which were told exclusively in THE NEW YORK HERALD yesterday, is to be held by David Hirshfeld, Commissioner of Accounts. Mr. Hirshfeld said yesterday that Mayor Hylan was "wrought up" over the charges and that the date for the hearings would be fixed as soon as his staff completes a preliminary investigation.

"Forty per cent. of the patients treated at Harlem Hospital are negroes," Commissioner Hirshfeld said. "The hospital is in the heart of the colored colony and the residents there feel they ought to have representation on the hospital's medical board."

"The experience of Commissioner Cole of the Department of Public Charities and of myself has shown that the medical boards of the various hospitals are autocratic and supreme. It requires more than a jimmy and an acetylene torch to pry your way in."

Will Probe Bribery Charges.

"The Mayor has told me to make a thorough investigation of the complaints, including the charges that it is necessary to bribe people to get attention. If the facts are as charged I will make a report on them and we will hold public hearings at which the trustees of Bellevue and Allied Hospitals, who have charge of Harlem Hospital, and the medical staff, will have an opportunity to be heard."

Dr. George O'Hanlon, general medical superintendent of Bellevue and Allied Hospitals, denied that there was discrimination against negroes in Harlem Hospital.

"There are two negro physicians in the out patient department now and they give very good service," said Dr. O'Hanlon.

Commenting on the charge of Allen Russell of 508 Lenox avenue that he took his wife to Harlem Hospital in a critical condition the night of February 15, when she was refused admission, Dr. O'Hanlon said:

"Russell brought his wife, a maternity case, to the hospital at midnight. The admitting physician told him the maternity ward was in quarantine and that he could only take the case if it was urgent. If it were not urgent, he said, he would transfer Mrs. Russell to Bellevue Hospital in an ambulance, which was waiting. The admitting physician then called down the doctor in charge of the maternity ward to examine Mrs. Russell."

Says Russell Made Threats.

"Russell became excited and told the admitting physician he would 'crawl' on him—slang for giving him a beating. The policeman on duty at the hospital was called in and ordered Russell to keep quiet. Russell also made charges that his wife was compelled to lie in ice water and under an open window with this blowing in her face, causing pneumonia. The boy was excited and perhaps exaggerated everything. The autopsy proved there was no trace of pneumonia. It was a septic case."

"It was charged by Russell that whereas his wife died at 9:45 P. M., a telegram announcing her death was sent to him at 9:25 P. M. Investigation at the 125th street office of the Postal Telegraph Company discloses that the message actually was filed there at 10:25 P. M. and was delivered at 11 P. M."

TEETH PUNCHED OUT BECAUSE HE SNEEZED

Man Attacked by Stranger,
Who Claims Insult.

Andrew Pertuso, 60, of 1717 Bleeker street, Ridgewood, was walking near his home yesterday when he was seized with a fit of sneezing. His first sneeze had just stopped echoing around the corner when a stranger walked up to him and demanded that he stop sneezing so much noise.

"I'll teach you to sneeze at me," cried the stranger, punching Pertuso on the nose. And when the old man continued to sneeze the stranger hit him again, knocking out several teeth.

Later in the Glendale station, where the stranger had been taken under arrest, he described himself as James S. Sage, 40, of 1719 Hiram street. Magistrate Doyle in the Jamaica Court committed Sage to the observation ward of Kings County Hospital, and he was taken there in a straitjacket.

PRINCIPAL CHARGES YOUTH STRUCK HIM

Former Football Captain Is
Barred at Manual Dance.

Frank Tobie, 19 years old, student at Margaret School in Manhattan, was held in \$2,500 bail by Magistrate McGuire in the Fifth Avenue Court yesterday on a charge of assault made by Louis Odell, assistant principal of Manual Training High School in Brooklyn. Tobie was captain of Manual Training's football team in 1919.

The assistant principal charges that Tobie struck him during a student dance at Manual Training on March 11. The dance, he said, was for students only. When he took Tobie by the arm to lead him out, Tobie, he said, struck him. Tobie said he considered having been a student at Manual he was eligible for admission to the dance. He lives at 524 Fifth street, Brooklyn.

WIDOW SUES POLICE CAPTAIN.

Mrs. Josephine Cono of Dongan Hills, Staten Island, began suit yesterday in the Richmond County Supreme Court to recover \$10,000 damages against Capt. Abraham Stewart of the Astoria Police Precinct in Queens, for the death of her husband, Antonio Cono. She alleges that Cono was shot and killed by Capt. Stewart on the night of December 15, 1920.

ANTI-BLUE LAW BANQUET IS PERSONAL LIBERTY CALL

Prominent New York Men Sponsors for Dinner to Be
Held in the Commodore to Honor Those Who Are
Fighting for Sacredness of Individual Rights.

A campaign to make the outlook for blue laws very blue will be started at dinner at the Hotel Commodore on April 23, according to an announcement made yesterday by a committee of citizens of anti-Indigo feelings.

The banquet will be given "in honor of the distinguished Americans who are opposed to government by blue laws." In commenting on it Henry Birrell, secretary, said:

"The purpose of the banquet is twofold. First, it is intended to honor those men and women who are working to keep sacred the personal rights of the people of the United States. Second, it is to spur the people of the nation to mobilize for a war to maintain their privilege of leading clean, orderly lives in a wholesome American way."

Sponsors of the banquet, according to an announcement made at the committee's headquarters, rooms 172 to 174, Hotel Commodore, are David Belasco, Justice John J. Prescht, Sam H. Harris, Robert W. Iverson, president of the Musicians Club; E. A. G. Intemann, Jr., president of the Confectioners Association; Frederick Lawrence, Dr. J. Gardner Smith, president of the Harlem Board of Commerce; Jefferson de Mont Thompson, president of the Broadway Association; Charles Thorley, treasurer, and Henry Birrell, secretary.

ROPE IS NEW CLUE IN TROTTER MURDER

Piece Similar to That Found at
Pond Traced to Hands of
Accused Man.

Capt. Daniel J. Carey of the Detective Bureau in Brooklyn, who is investigating the murder of Mrs. Catherine Trotter of 17 Jackson street, spent several hours yesterday in the vicinity of Cooper's Pond, near Newtown Creek, where Mrs. Trotter's body was found Saturday night. He and Detective Charles Battalora found another piece of sash cord such as was tied about Mrs. Trotter's neck and which the detectives believe caused her death. Later the detectives went to a storehouse and found a piece of rope similar to that found at the pond and in the home of Luciano Verdesora of 47 Stillman avenue, who, with his 17-year-old wife Catherine, is charged with the murder. Mrs. Verdesora is a step-daughter of Mrs. Trotter.

The rope in the storehouse was tied about a barrel of crockery which had been placed in storage a week before Mrs. Trotter was reported missing. Joseph Albrecht of 6065 Fourth avenue, Bay Ridge, a son-in-law of the dead woman, admitted to the detectives he had tied the rope and said it had been given to him by Verdesora.

Both Verdesora and his wife, as well as several other relatives of the dead woman, were questioned yesterday by the detectives and by Henry Ridgway, formerly Dominick Vesputi and a son of Mrs. Trotter, by a former marriage. He changed his name eleven years ago, he told the police. None of the persons questioned admitted any knowledge of the crime, so far as police know. It is also said that the jewelry redeemed by Mrs. Trotter, which had been in pawn, consisted of four diamond rings, two gold watches, three bracelets and two gold chains. None of this has been found.

RUNAWAY TRUCK HITS SPECTATORS; SIX HURT

Pushcarts Upset and General
Excitement Prevails.

Louis Belcher of 22 Clinton street, a chauffeur, left his truck in front of 279 East Tenth street late yesterday afternoon and went inside the building to deliver a parcel. The truck's front wheels were across the Fifth street car tracks, and Patrolman Sauer of the Fifth street station and several other men undertook to push it off the tracks so it could go by. In some manner the motor started and the truck ran across the street, upsetting pushcarts and causing considerable excitement. After hitting the pushcarts the truck ran onto the sidewalk and, in the midst of a crowd watching the policeman. Six persons were hurt, three so seriously that they were taken to Bellevue Hospital. They were Mrs. Esther Sussman of 625 East Twelfth street, whose skull was fractured; her daughter Freda, 6 years old, who was severely cut and bruised; and Morris Green of 153 East Fifth street, one of whose fingers was amputated by the surgeons. The others were attended by ambulance surgeons and went home.

ZIONIST ENVOYS GET CITY'S FREEDOM TO-DAY

Einstein Delegation Will Be
Received in City Hall.

The Zionist delegation, led by Prof. Albert Einstein, will receive the freedom of the city on the steps of City Hall at 11 o'clock this morning. It is understood that this is the first time such an honor has been bestowed upon members of the Jewish race.

The speakers will be Mayor Hylan, George W. Viskochil, Frank L. Polk, Bernard A. Rosenblatt, chairman of the Citizens' Reception Committee, and Prof. Chaim Weizmann, inventor of TNT, who is also a member of the delegation. The other members are M. M. Ussishkin and Benjamin Moossion.

The party spent most of yesterday at the Hotel Commodore in conference with Zionist committees from all parts of the country. A public mass meeting and reception have been arranged for next Tuesday in the Sixty-ninth Regiment Armory.

EVANGELINE BOOTH IS OPTIMISTIC ON LABOR

Found Improved Conditions
on 10,000 Mile Trip.

Belief the labor situation in the United States has "struck bottom" was expressed yesterday by Commander Evangeline Booth of the Salvation Army on her return to this city from a 10,000 mile trip to the Pacific coast. She made a careful study of labor and housing conditions in connection with her work. "I have talked with the presidents of several large automobile concerns and I have found conditions have improved in the last month and that all are looking forward to the future with optimism. In the large centers, such as Flint and Detroit, manufacturers have improved operations. In fact, they have taken on three-fourths of the men they formerly employed. A few weeks ago they had practically closed down."

SIX INDICTED AS PLOTTERS.

Abraham Messer and David Siegler of the firm of Messer & Siegler, dealers in furs and skins, 138 West Twenty-eighth street, Morris Belmont, Nathan Resner, Pinus and Morris Kupperberg were indicted yesterday by the Federal Grand Jury for conspiring to violate the bankruptcy law.

It is alleged that from May 15 to May 12, 1920, they conspired to defraud creditors by declaring themselves bankrupt and concealing assets of \$14,000 from Julius Morris, who had been appointed receiver. It also is alleged that they took furs valued at \$4,000 to the home of Belmont and sold them secretly.

BREWER CONVICTED OF MISUSING MAILS

Jury's Mercy Plea Because Son
Died in War Cuts Sentence
to Eighteen Months.

William S. Brewer, director of the Essex Service Men's Cooperative League, was found guilty yesterday afternoon of using the mails to defraud. He was sentenced by Federal Judge John C. Knox to serve eighteen months in the Federal Penitentiary in Atlanta. The condition included all six counts of the indictment, but recommended mercy because Brewer lost a son during the war. Judge Knox called the findings of the jury "a righteous verdict" and meted out eight months for each count, the sentences to be served concurrently.

The jury deliberated half an hour. Brewer received the verdict and sentence with few traces of emotion.

The recommendation for clemency was considered by Judge Knox in imposing sentence, as he explained that although he had intended "a rather severe sentence" the one he was about to give was "substantial." Assistant United States Attorney Maxwell S. Mattuck argued that in spite of the recommendation of the jury Brewer's relations with his son were not such as to entitle him to clemency. He said Brewer had opposed his son's service in the war, even going so far as to have him committed to the Kings County Hospital for observation to prevent it.

In reply Brewer explained that his son served in the Canadian army before the United States entered the war and returned gassed and broken in health. He said he took him to Atlantic Highlands to recuperate, and there got the inspiration for his own work among wounded soldiers. When the United States entered the war young Brewer, according to his father, wished to serve again. The father was reluctant to have him go, he said, because of his physical condition. Upon the advice of friends he had him committed to the hospital for observation and was very glad when the young man was adjudged sane. Soon after this, Brewer said, his son went to England and served with the British army until he was killed.

Counsel for Brewer said they would apply to-day for a writ and bail pending appeal.

Men in non-regulation army and navy uniforms sold copies of A. F. or F. or F. in France and Gold and Blue Stars in downtown offices, subway and elevated trains, purchasers understanding that the uniforms of the sales were to go to the Cooperative League. The Department of Justice, upon investigation, alleged that a considerable part of the money was responsible, directly or indirectly, for the sentence of Brewer and some of his friends.

TYPHUS, SAYS DOCTOR; TYPHOID, STATE VERDICT

Controversy Develops Over
Two Cases in Jersey.

A controversy has arisen between Dr. G. M. Levitas, of Westwood, N. J., and the New Jersey State Board of Health over his diagnosis of two cases which he reported as typhus. The board after an examination of the patients, Elsie and Marguerite Opperman, of Hillsdale, N. J., pronounced their ailment as typhoid fever and stated simultaneously that the state was free from typhus.

Last night Dr. Levitas declared emphatically that his diagnosis could not be incorrect. He said it was concerned in Dr. Harlow Brooks, professor of medicine at New York University, Dr. S. S. Hallett and Dr. Gladay, the latter two of Hackensack.

"The board may be anxious to give the state a clean bill of health," said Dr. Levitas, "but the board can't make us change our mind."

HYLAN NOW WON'T SAY HE WON'T RUN AGAIN

Denies Reports He Had De-
cided Not to Be a Candidate.

Mayor Hylan declined yesterday to deny or affirm recent reports that he had decided not to be a candidate to succeed himself as Mayor this fall in order that he might seek a place on the Supreme Court bench.

Rumors that the Mayor had come to that decision have been current ever since Easter, when he, Charles F. Murphy and other Tammany leaders spent the week end at Atlantic City. In fact, the Mayor has been quoted as having told a friend on the train returning from Atlantic City that he did not intend to run for Mayor again.

The report was called to Mayor Hylan's attention at a meeting of the finance and budget committee of the Board of Estimate. The Mayor paused a moment to reflect, then replied: "I certainly do not remember making any such remark, and, anyway, I won't say it now."

PLANE'S MOTOR STALLS; TWO FLIERS FALL 75 FEET

Machine Wrecked at Ham-
mington, but Men Crawl Out.

A F. Bimenthal of Jersey City and W. P. Davis of New York were flying about seventy-five feet above Camp-nella's Field at Hammonton, N. J., yesterday afternoon when the motor of their Curtiss plane suddenly stalled.

Before it could be set to a gentle glide earthward the machine plunged downward and smashed itself into a crumpled mass of wires, woodwork and canvas. When spectators reached it to remove the remains of the two men they were startled to see both come crawling out. Bimenthal had a cut over one eye, but Davis was intact. The accident was the third to the plane within a month.

FORGED DECREES FOUND IN MILLER'S FAKE DIVORCE MILL

District Attorney Says
Names of Justices Were
Signed by Lawyer.

DELAY REWARD OFFER

Westchester County Finds
No Appropriation Yet
Available.

TWO COMPLAINTS HERE

One Found Groundless, but the
Other Is Still Under
Investigation.

W. A. Ferris, Assistant District Attorney of Westchester county, said yesterday that he has obtained evidence of six cases of forgery in connection with divorce decrees that passed through Herbert F. Miller's alleged fake divorce mill. The District Attorney's office has failed as yet to find any trace of Miller.

These six cases, it is said, are included among the twenty-one cases in Westchester county which District Attorney Lee Parsons Davis says figure in the charges against Miller. Davis released the names of plaintiff and defendant in these cases.

Some of the interlocutory decrees granted, he said, bear authentic signatures of justices but are invalid because Miller had not been admitted to practice. The six cases of alleged forgery are said to be built up on the charge that the names of justices were signed by Miller himself to these "decrees."

District Attorney Davis's effort to have a reward posted for the apprehension of Miller did not meet with success. The Board of Supervisors met at White Plains, but no appropriation was granted for a reward, as it was said there were no funds available.

District Attorneys of counties adjoining Westchester county maintained contact with Mr. Davis, informing him of their own findings. John E. O'Neill, Assistant District Attorney of New York county, offered to lend any assistance possible to the Westchester authorities in the investigation of the alleged divorce mill. Mr. O'Neill was named by District Attorney Swann to handle the investigation here.

Two complaints were received by Mr. O'Neill in connection with Miller's activities. In one of these he found after investigation that the divorce had been obtained legally and that no fault could be found with the procedure involved. The other complaint is still under investigation. Mr. O'Neill said in this second investigation he intends reporting his findings to District Attorney Swann.

Mr. O'Neill pointed out that John Tulp, who is said to have been employed in Miller's office at 11 West Thirtieth street, is now under indictment charged with grand larceny in the first degree. Tulp is charged with appropriating to his own use money collected for the guardians of an infant, a minor, he is accused also with retaining money collected in settlement for claims involved in a business transaction.

RIEGLMANN REMOVES BRIGHTON BEACH FENCE

Borough President Tears
Down Boardwalk Obstruction

Edward Rieglmann, President of the Borough of Brooklyn, Henry Hesterberg, his Superintendent of Highways, and a wrecking crew swooped down yesterday morning at daybreak on a fence across the boardwalk at Brighton Beach and tore it down. The summary action of the Borough President was to insure to holiday makers at the beach the privilege of walking the entire length of the boardwalk from Coney Island to Brighton Beach, and taken after he had received complaints from people who visited the beach last Sunday.

The fence was built two weeks ago by Samuel Dumperis, manager of the Parkway Bus Corporation, at Brighton Beach, who contended that the boardwalk at that point is private property.

SUICIDE LEAVES NOTE ABSOLVING HIS WIFE

Jersey Farmer Takes Poison,
Giving No Explanation.

Christopher Dittman, a farmer of Newton, N. J., was found dead yesterday in the smokehouse on the farm of George Goble in Bryan Township, N. J. This note was found near the body:

"To the authorities of Sussex county, Connecticut: This is to certify that my wife, Amanda Dittman, shall not be held responsible or blamed for anything that may happen with me in any manner or form."

Coroner James W. Mills of Sussex county said Dittman had committed suicide by taking poison.

Attractive Office Space for Professional Men

ALEXANDER HAMILTON
HALL permits no manu-
facturing or extensive shipping.
Tenancy restricted to high-
class business and professional
purposes.

High speed elevators, cleaning
and heating service, light, airy
rooms, in handsome building
just completely renovated.
Rental rates average \$2 per square
foot.

Subways, elevated and trolleys al-
most at door. Entrance just half
block off Broadway.

Before it could be set to a gentle
glide earthward the machine plunged
downward and smashed itself into a
crumpled mass of wires, woodwork and
canvas. When spectators reached it to
remove the remains of the two men
they were startled to see both come
crawling out. Bimenthal had a cut
over one eye, but Davis was intact. The
accident was the third to the plane
within a month.

THE SHOPS FOR MEN

Today's "Wanamaker Week" Special

\$40 to \$50 Suits---\$35

250, taken from our own
fresh Spring stocks. They are
\$40, \$45 and \$50 suits. \$35 is
the special Wanamaker Week
price—and on 250 suits only.

Five models
Four single-breasted, one
double-breasted. One of the
models has patch pockets. All the models are half-
lined. Sizes 34 to 46 regular, and a good selection of
stouts, longs and shorts.

A dozen patterns
Herringbones, hair-line stripes, subdued mixtures,
and two tones of plain gray—very, very good color-
ings.

A rare treat. Burlington Arcade Floor, New Building.

Broadway at
Ninth Street,
New York
Business Hours—
9 to 5.

TODAY Begins "Wanamaker Week" in New York A Week of Special Merchandise Offerings---April 5th to 12th

Only a Poet's
Heart with a
Touch of
Nature

knows how to speak and
write the words we most
love to hear when the
first breath of Spring
brings the first leaves
and flowers.

The graceful, floating
hyacinth plants on some
of the streams of the
South, and the bulbs on
top of them, are little
poems printed in water
colors, illuminated with
sunshine and starlight
by the hand that has
never failed, day or
night.

troduced by COIN DE PARIS are the
smart, simple types which are the choice of the
most distinguished Parisiennes.

Reproductions of the Paris models or
individual adaptations will be executed by
skilled French workers in our own atelier.

At Moderate Prices
Fourth Floor, Old Building.

Lovely ITALIAN TABLE LINENS

AU QUATRIEME

Perhaps the most distinctive
things Au Quatrieme has ever
seen for the country house
table are the sets of table linens
from Italy. They are not all
pure linen, because linen has
been so scarce in Italy. They
are a mixture of linen and cotton that has all
the charming texture of linen and is not so expensive.

Table Sets

There are sets of table-cloths or runners and doilies, all
exquisitely embroidered and decorated with Florentine
cut-work and motifs in Venetian point designs.

A set of twelve napkins and twelve doilies and a table-
cloth is \$160. This has the attractive oblong doilies that
are large enough to put under the butter-plate, dinner-plate
and water-glass.

Heavy Tassels

A table-cloth and dozen napkins is \$1
